The Art of Spiritual Transformation

A weekend of celebration and transformation to embrace the Sacred Heart, the Divine Feminine and Self-Realization.

We gather to celebrate in May the month of the Divine Feminine, our earthly and heavenly Mother, and all that we have received... to awaken and greet our new life. As we enter May 2010 and the May Celebrations of spring festivities throughout the earth, we become receptive to awaken and embody the full flowering of our heart. We welcome and embrace what life is whispering into our ears through dreams, images and inspirations.

Please join us for a joyful weekend of transformation and connection. We will be combining different approaches to the Mystery with meditation, dream work, sacred story telling. Deeksha – The Oneness Blessing added for a unique combination that accelerates breakthrough realizations of consciousness.

MEET MARIA ELENA CAIRO

Maria Elena Cairo has conducted spiritual and healing seminars throughout the US and a road for more than 30 years. In addition, she leads group trips to the Yucatan semiannually that provide participants with the opportunity to explore energy medicine and alternative healing practices, including time spent with Mayan shamanic healers and psychic surgeons. Maria Elena has extensive experience facilitating profound states of altered consciousness using ritual, meditation, dream work, movement and music.

Maria Elena's work is further supported by her training in body and energy work, which includes certification as a teaching assistant of Cranial-Sacral therapy by the Upledger Institute, as well as assistant teaching of the CS-Visceral Manipulation System (developed by Jean-Pierre Barral, a French osteopath, for healing the internal organs). She is also a Reiki Master, and a practitioner of Hellerwork and Oneness Deeksha.

Maria Elena's facilitation of the transformational process draws on her training in Aztec & Mayan shamanism combined with her initiation into healing from her time spent with the Himalayan master Babaji - Herakhan Baba. This included jara, pranayama, meditation, and experience and service to the Oneness. She spent over 10 years honoring the Heart Center by assisting Brugh Joy, M.D. in conferences and workshops.
