

## *The Art of Spiritual Transformation*

# Mastering the Mayan Mysteries #15

## Maria Elena Cairo & Jacqueline Bayne

October 11 - 21, 2017  
Akumal, Mexico

Beautiful, mystical, deeply felt and resourced.... Together we will dance, shift states of consciousness, create miracles in our lives, and celebrate. Growth with awareness is bliss...with resistance, it is difficult. The idyllic oceanfront setting of Akumal, Mexico creates a cocoon of magnificent radiance for us to do our sacred work. We will deepen our spiritual journey through the beauty of the Mexican Riviera, by entering deeper states of consciousness, inducted by Mayan rituals and healings, dream work, meditation, and so many blessings by the sea.

Our gathering here will be in preparation for entering deeper states of consciousness, facilitated with dream work, meditation, music, movement, energy healing, and with considerable free time to explore your choice of the surroundings. An added blessing is a visit to a magnificent Mayan healer to exquisitely help us expand our experience of intensifying our soul's connection to life, to joy, to love...infinitely delving into the mystery of healing on the physical, mental, emotional, and spiritual planes. The more intensely one commits to the process, the greater the experience of both inner connection and freedom.

As always, our journey will begin at the ocean in beautiful accommodations where one steps directly onto the soft white sand merely a few feet away from the dazzling dark blue and turquoise warm waters of the Caribbean. Our meals will be prepared in our own kitchen by cooks who choose the freshest produce from the market.

Our Mayan destination will take us deeper into the mystery with abundant gardens, mystical jungle land, cenotes and ancient pyramid ruins.

This ancient Mayan healing art, which is truly an initiation, removes negative energies at the cellular level bringing about the freedom from unconscious programs that remain in our cells. It is dissolving any impression within you that you could possibly be imperfect or separate from source. Many participants have experienced Divine Union.

Throughout this journey of the Yucatan, a subtle and exquisite shift occurs that supports the soul's connection to spirit and the body, uniting heaven and earth within and leading to the fulfillment of one's own destiny.
